PROJECTS

GIVE THE BEST TO YOUR GUESTS

Emotional Brands is internationally recognized for its distinctive designs, presented in some of the world's most prestigious hotels, refined restaurants, exquisite cruise ships, and curated international galleries.

Headquartered in Porto, at the heart of Europe's most extensive furniture production cluster, Emotional Brands combines its industrial actionists manufacturing with a strong network of production partners. Its privileged location allows the company to provide a full service for bespoke furniture, upholstery, and lighting, tailored to the unique needs of each project. The service includes detailed quotation proposals, design consultancy, development of technical drawings, and the selection of premium materials, ensuring full coordination across the different specialties. Every project experiences a rigorous final quality control phase before being carefully packed and shipped, in full compliance with international logistics standards and destination-specific regulations.

Emotional Brands acts as a trusted design partner for interior designers, architects, and project management firms pursuing tailored solutions that elevate the identity of their design projects. The company maintains consolidated collaborations with traditional Portuguese artisans whose craftsmanship adds a layer of authenticity and refinement to each piece, ensuring a truly distinctive result.
